

**James R. Irvine  
Construction Inc.**

**Sample Design Phase Drawings**

Project Location: Silver Spring, MD

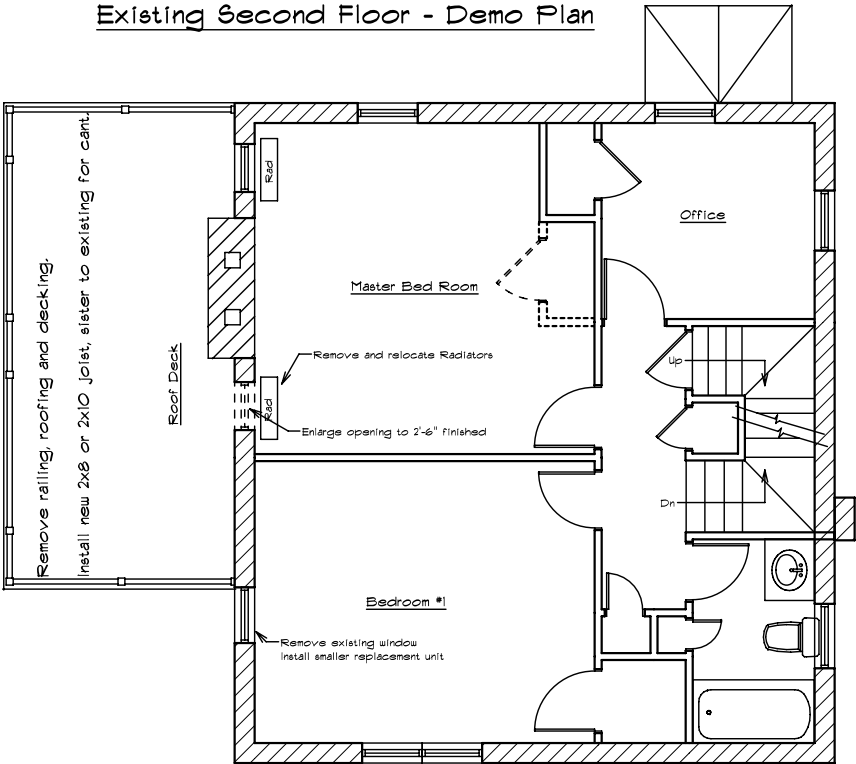

**Project Description:**

- Design interior renovations with the addition of new space
- First Floor: new kitchen, new powder room, pantry and re-work side entry traffic pattern. Add new addition in rear.
- Second Floor: new master suite with larger bedroom, large master bath and additional closet space. Build out over existing porch.

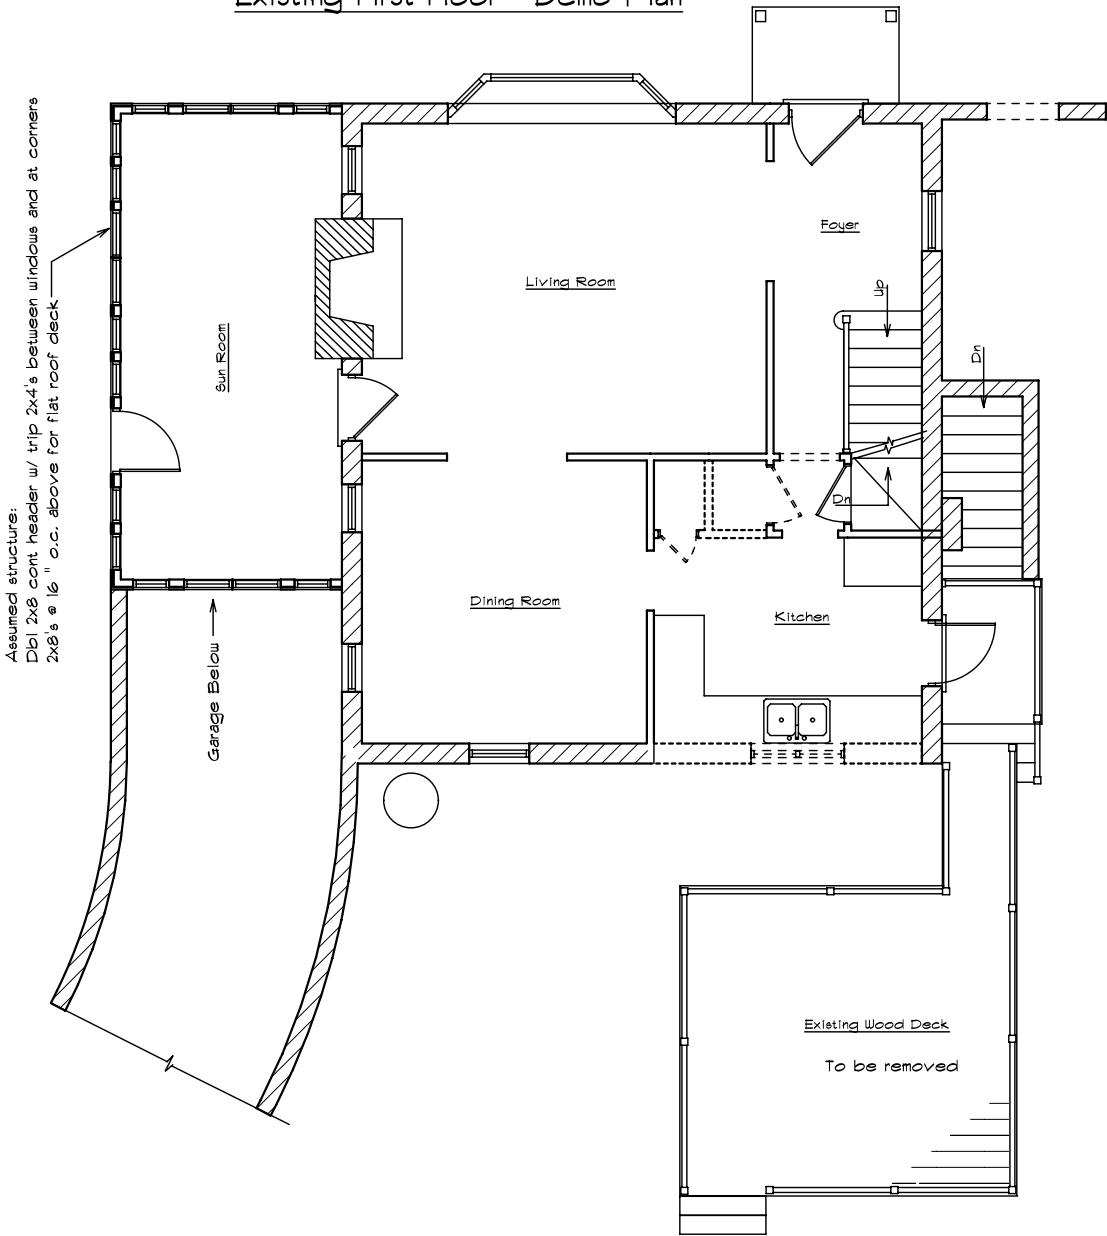

**Procedure:**

- Field measure and draw existing as built conditions
- Provide design schemes of remodeled floor plans
- Provide drawings of remodeled interior and exterior.
- Note: drawings are intended for design use only and are not for construction. Complete construction drawings and documents are completed as part of the construction phase of the project.
